Please join us in gratitude for the life of William G. Borchert, Sr. (September 9, 1933–October 1, 2022), whose writings, presentations, and volunteerism impacted worldwide 12-Step recovery. The devoted husband of Bernadette for 65 years and loving father of nine was a dear friend of Lois Wilson and met Bill Wilson several times. His many written works included *The Lois Wilson Story: When Love is Not Enough* book and screenplay and *My Name is Bill* screenplay. Bill was a Stepping Stones volunteer for nearly a half decade and shared his A.A. recovery story (sober since April 8, 1962) at Stepping Stones Picnic just as he had done throughout the world.
